What is the message in saying "Jesus Loves You or God Loves You"
(Ken Walston – Kenna Outreach Ministries)

From Ken, who is an Elder in the Church and by Faith proclaims this message to be one of truth and acknowledgement from the Spirit of ADONAI and is revealed as such for His Purpose.

It must be recognized that only through a spirit of humility and heartfelt worship and servitude does God honour our request to serve Him. ADONAI has again given to His imperfect servant insight regarding the mystery of God. As it is being given, may it be received.

To all who will read this, the Path of Righteousness is guided by the One who sits on the Eternal Throne of Glory and His Unconditional Love which is the Source of His Power and Emanates throughout all of His Creation.

The Essence of God is Eternal, for God is Spirit (Everlasting to Everlasting); and His Greatest Attribute and Virtue that He extends to us is His Unconditional Love, which is sustaining us through our sinful human condition, by offering His Propitiation and Clemency of all our transgressions against Him, by sending the Messiah as the Lamb of God, Yeshua ADONAI (the Son of God), to give Final and Complete Atonement for all of the sins of mankind against Him (Past, Present and Future) in a way that would completely fulfil the Law of Moses and reconcile all humankind back unto His Presence. That Salvation and Everlasting Life is now afforded to all who would by Faith (having no doubt) call out to and believe in His Namesake and acknowledge Him as Lord and God and would confess this openly from their hearts, shall be Saved. This Salvation brings great reward for all who would receive it, but it also brings great Judgement and Eternal Separation from God to all who reject it, for if you die in your sins and not found in the Lambs Book of the Living (Book of Life) when on that Final Day of Judgement, then you are cast into the Lake of Fire where all Sin abides for Eternity. This is not a mean gesture, but a Holy one of Justice by a Holy God, the One and Only God who Created Everything into existence and will Judge it according to His Will and Purpose.

The format and protocols for converting Gentiles into Christians are not being taught necessarily to the proper context of the nature in which God is purposing His Creation and the interaction He is working through it. It is being taught from a Renewed Gentile perspective, as a Christian in the cultural setting of modern times and not from a Hebrew perspective, that the expressions of the phrasing of these words as transliterated or translated from Hebrew, Greek and Aramaic are interpreted properly in accordance with the way they were being used at the time and generation they were being spoken from. We must also be in-tune to the dialect and synonyms involved from the writer's language and cultural perspective, we cannot always interpret what the Gospels or any other referenced biblical writings have to say at face value to our current language and dialect, especially the English Language, and how the assembled Christian Bible was formatted into chapters and verses, which is not how the original text in Hebrew or Greek was formatted. Therefore, a lot of the formatted text, when read, overlooks the sustaining message from a previous verse or chapter and gives way to missing the complete message being given because they are not paired together as a continuous thought, but separated by a chapter. This also neglects the fact that the New Testament was translated down to Latin, then German into English where much mis-transliteration and translations was given in error, even as to the proper name of God was being used.

So, in the case of Atonement of Sins and transference into God's Propitiation and Everlasting Life through His Terms of Salvation, this is under the fulfillment of the Jewish Law of Atonement, known as Yom Kippur, where a sacrificial lamb would be the offering to fulfill another years' worth of God's Forgiveness and crediting the Debit to another time. Yeshua, almost 2000 years ago, became that Lamb of God for finally fulfilling the Law of Atonement, and it had to be in accordance to the Law of Moses, and paying all the accumulated debit into God's Propitiation (Clearing the Debt), which because of this, does not need to be replicated any longer for it is Everlasting in the sight of Father God (YAHAWAH). Because Yeshua rose from the dead (SHEOL) by the Power of God the Father as the Son of God (Resurrected) three (3) days and nights later, referenced according to the Miracle of Jonah, thus conquering death and the curse that God imposed on Adam and all mankind, became the act that would give all of us who believe in Him as Lord and God, to acquire and sustain our Salvation and Eternal Life in His Presence forever.

The reality for everyone to understand is that God (Elohim) is Supernatural. Everything He does is beyond our understanding within and beyond this physical environment, and He has purposed that we can see into and commune with the Spiritual Environment as we live and function within this 3-dimensional physical state. He has complete control of all aspects of the Physical and Spiritual dimensions, and He does whatever He wants for His Purpose in those environments.

Originally, we were created beings, born from God's Spirit (sinless) and made from the dust of the earth into mortal flesh by the Creator God (ELOHIM) as the highest order of the Physical Creation (Created in His Image), to live in unity with Him as Holy Beings (Mankind) to become sons and daughters of the Most High. He wants us to Worship Him as such, and in return He would give us Life Abundantly and Eternity to stand in His Presence. But man chose freely to disobey and blaspheme a single Command of God to not partake in eating the fruit of the tree of the knowledge of Good and Evil. By being tempted and thus succumbing to the temptation and by doing this, it forced the Hand of God to pronounce Judgement upon mankind and all generations that would follow, by pronouncing death upon them and removing the Holy Spirit from the man and leaving him with a dead spirit (empty shell) inside that would eventually succumb to a physical death.

To say that "**Jesus** or God Loves You", is a Truth that is revealed by the Holy Spirit and should convict every Believer in saying "Amen". It has Eternal Power and Message in saying it; but in and of itself has no real impact if I don't know or understand WHY He loves us or why we should care in His message of Salvation, or even care about the insult that I am perpetuating in a sinful nature toward God. How is it relevant to the non-believer at a personal level? This is where it is important to have a One-on-One personal Testimony regarding the Gospel (Good News), that the Name of Yeshua (**Jesus**) is above all names and principalities in Spirit and in all of the Physical Creation. That all of mankind (Male and Female) are at a fallen state with the Holy God because of the transgressions of sin we have waged against Him, from the first man (Adam) passed down through every generation since then and that we need to be reconciled (Saved) to Him before death comes upon us, in order that we can stand before Him in Righteousness and all of Eternity. That the outcome of not receiving His Salvation means that we will be forever in His Judgement and cast away from his Righteousness and Presence forever, and this remains Notwithstanding.

Trying to stand as an individual witness by holding up a sign or telling someone that "**Jesus** Loves You", even that "**Jesus** Saves" isn't the Gospel (Good News). The statement is the absolute Truth, and the outcome of what was accomplished by, but it doesn't stand as a Testimony of the Good News because it doesn't explain why. As a Believer I can say "Amen" to that because my spirit bears witness to its Truth and my Faith stands in agreement with the Truth, but to a non-believer it is meaningless because they have no agreement in faith to what is being said or stated. Even adding a bible reference to the statement doesn't mean anything without the testimony of Faith to stand before it, they would not understand what it means because their spirit is still dead. Until they believe with their hearts and confess that Yeshua ADONAI, to the Glory of God the Father, they are not Born Again and have not received the Holy Spirit which reveals these Truths to them. It's

because the Gospel is not being preached in a way that reveals the whole Truth of why Yeshua Loves us. So, what is the "Good News"? **The "Good News" is that our Captivity to Sin is Over!** And why is that? It's because God Himself had to Save us, because nothing that we could do ourselves could meet the requirements demanded by God to do so, and this brings Great Glory to God each time it is fulfilled.

It's through our testimony of Faith that we share the Good News, not the testimony of how we personally got saved or the story of our personal conversion or circumstances that brought us into Salvation through acceptance or coercion of our own doing, but by Faith through the Testimony which the Holy Spirit conveyed to us that brought about our conversion to the Truth that Yeshua is ADONAI (the Lord God). We then believe and confess this Truth as a Born-Again Believer through a Renewed Spirit to the whole world and our Testimony now stands before us.

That we are Spirit Beings having a Human Experience and it is temporal and are in need of immediate reconciliation with God.

That we are all born into sin and death because of our inherited sin nature through our flesh which opposes the Holiness of God, and that God has afforded every human His forgiveness of all their sins as the atonement to our sin nature and has given propitiation through His Grace and Mercy. That we now have a way for every human to come into His Presence by calling out to Yeshua (**Jesus**) and opening the door to our heart and receiving Him as ADONAI (Lord and God), thus He affords them Everlasting Life and acknowledges them in the Lambs Book of the Living (Book of Life).

This is why we can say with a loud voice and assured testimony that,
Yeshua (**Jesus**) Loves You!
