The Word of God (Ken Walston – Kenna Outreach Ministries)

My Dearest Brethren, I am your brother Ken, an Elder in the Church, who has been called by the Great God and Saviour, Yeshua (*ADONAI*), to be a Believer and Teacher in the edification of the Faith in “The Way”. To all that call Him Lord and God, may Peace Be with You in this reading.

I was at one time a Practicing Jew and believed in the religious practices of Judaism and the Law of Moses (Torah) and the Writings of the Prophets and in the rituals associated, in which most Jews practice their religion. I was at that time dead to the Truth and not until the Ruach HaKodesh (Holy Spirit) revealed to me the Word of God (Yeshua HaMachiach), did I come to an Understanding and Revelation of The Way, The Truth and The Life.

The Word of God can relate to many things but is actually limited to One. The most common reference to the term is in relationship to the Bible (Jewish Torah – The Law, first five Books of Moses – Old Testament) or the Christian Bible (Old and New Testament). Most Pastors, Teachers and Evangelists within the Church call the Bible, “The Word of God”, and reference it as such due to wanting its identity associated to God as being “One in the “Same”. Now, the restriction in proclaiming the Bible to be “The Word of God”, is that it makes it the only source of Divine application in reference for Truth, and any Learning or Teaching is developed around it as the Only Source and can only go as far as what is written. This limits what the Divine Source can expound on to human participation with more than a biblical reference. It ignores the Sovereign Authority and Knowledge of the Ruach HaKodesh (the Holy Spirit) as being The Teaching Source of all Truth, Knowledge and Wisdom coming from the Throne of God to mankind here on earth

It really comes down to how humans learn and the basis in which our societies, over the millenniums, have been able to control the masses within a society or culture and eventually, the entire world order. The intangible and mystic order of our existence has a great influence over how individual people and the masses within global societies view what their existence is in this life. The preponderance of Life after Death and how we obtain Eternal Life has led to the very basis for Religion itself. It is that other part of our physical being. All religious teachings have fallen under the osmosis of philosophy. Whether it is a Tribal Witch Doctor, great Thinkers like Aristotle and Plato, demi-gods like the Pharaoh’s, the Roman Caesar’s or the Pope, or even a Televangelist Mega-Church Pastor; their authority and power comes from the fact that they are under a Divine Presence and Power and in good standing with that Divine Power; and have been given direction by that Divine Power to exercise authority and control over whomever is within their Realm or listening audience. So, in order to exercise mass control in the social setting, a curriculum has to be created. The intangible must be put into a tangible format in order to teach and expound on the philosophical aspects of how to live under the order of the Divine Authority and give guidance and law to keep in “Good Standing” with the Divine Presence.

Looking over the thousands of years of human existence, there have been countless Sects and Mystic Orders of religious doctrine and philosophical dogma created by men who were trying to explain the transcendence of “Why are we here” and “Where do we go afterwards”. The heretic belief of Life and then Death “Existence into Oblivion”, is ridiculous and counter-intuitive to the Life

Force within each of us as humans. What about Transcendental transformation, where human thought and the “Life Force” within us is transferred to other forms of life or levels of evolution like moving up a ladder until you have evolved to the highest level and enter Nirvana, eternal existence of thought and being, where a physical body is no longer necessary. Then there is the monotheistic belief in One God, Creator of Heaven and earth and all that is within it, who has complete control over every aspect of human existence and awards either Eternal Life or Eternal Damnation.

Each philosophy and theology have their own doctrines and books, or bibles and Prophets which outline the rules and regulations associated to following their Deity. Some of them go so far as to establish laws for their society to be governed by. In most instances where there are multiple god images to be worshipped, the fight is to identify a main god who is above all the others. This establishes a Class System within the Culture or Society and a hierarchy of power to control the masses. It has to be something that stands between man and God in order to Transfigure the authority of the Deity through it to the masses. A few examples of this are found in the Muslim Islamic doctrine, where the moon god “Allah” is declared by his Prophet Muhammad to be above all the other gods. With this declaration comes the Qur’an (Holy Book) which identifies all of the order and laws which a believer in Islam must worship and obey in order to be in “Good Standing” for an after-life experience.

Another, within the Christian Theology, would be the edicts of the Roman Catholic Church, where the Pope is considered to be the reincarnated equal to Yeshua ADONAI and the Eternal God and Creator of the universe (God on Earth), exactly the way Pharaoh was in RA (the sun god) in the Egyptian Cultism. Even so, the Pope takes on the title as “the Holy Father”, equating himself to be equal with God when performing Rights and Rituals within the order of Church Doctrine. Another of a lesser degree, would be to declare Mary (the mother of Yeshua) to be of Godly Intercession between God and Man. That praying to her is the direct intercession to ADONAI Himself and her prayers are received above all others by the Godhead (Elohim) because of her good standing with her son Yeshua as His mother. With these declarations comes the Vulgate and the Catholic Dogma with its binding Papal doctrines and tenets.

And of course, who would know better about false doctrines within the Christian Sects, then Occult Religions like the Mormon’s, Jehovah Witness or Armstrong Church of God (to only name a few). Each has taken what is considered to be the standard accumulation of the Law of God (Torah), the Holy Scriptures and writings of the Prophets, Doctrine concerning the Deity of the One True God, the Redemption of Man through the physical manifesting of the One True God in human form (Yeshua HaMashiach) and the writings of the Apostles of Yeshua, into a single volume or book called “The Holy Bible”, and alter its content and publish their own book or New World Translations to fit their own teaching and occult agendas, Blasphemy in the Highest Order!

All of these things, I believe, are the deranged attempt of demonic spirit using the Highest Order of Creation (Human Beings), to subvert the Truth regarding the one true testimony which reveals to all of mankind who and what the One True God is. Part of that attempt is to disregard the Christian Bible as the only book ever written which gives the only testimony about the One True God and His fulfillment of forgiveness and propitiation of man’s transgressions against Him; and His Gracefulness in giving all humanity the ability to be redeemed and receive the Free Gift of Salvation through the **Word** of God, Yeshua ADONAI.

The other factor in achieving this deranged attempt to subvert the Truth, is in claiming the Christian Bible as being the Infallible Word of God. First, the Bible is not the Word of God, it is the only compilation of testimonies ever written down and given which testifies about the One True God and who the **Word** of God is. It reveals the Law of Moses (Torah) for the Chosen People of God, Israel,

and the lineage from that nation to birth the Messiah (Redeemer), who would achieve in Himself ALL that God would have done in order to give final Propitiation of Man's Sin towards God and bring about the means for mankind to receive Eternal Life through the **Word** of God, Yeshua ADONAI.

As it is written, "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness. (2Timothy 3:16). So, without the Written Word, we would have no baseline and understanding to reference in regard to who and what God is. The Bible gives guidance and is a baseline for the direction we should go to achieve a fullness in worshiping God in His True Form, for God is Spirit, and until we worship in the Spirit, we cannot please God. So, it is only through the Spirit of God (Ruach HaKodesh) that all Teaching, Guidance in Wisdom and Knowledge can be achieved (Ref: 1John 2:26-27). The Written Word (Bible) can only lead us to the Substantiation of Faith, by which the application of exercising Faith must be through the Ruach HaKodesh and thus giving Glory to the Most High in a way that He intended it to be.

I believe that it helps us to be aware of one big factor in our existence, and that is, we are Spirit Beings having a Human Experience. Although we were physically formed from the dust (ground) of this earth, the shell that we are in (anatomical body) had Life Breathed into it from Elohim Himself. He breathed into Adam (the first created human), the Breath of Life (Spirit-Kodesh) and man became a Living Being. With that He imparted into the man His Ruach HaKodesh and the Knowledge, Wisdom and Intellect of Elohim; and in turn, gave man the highest status of all the physical creation. Adam was not only a son, created in the Image of Elohim, but the ruler of all the physical creation and given charge over all of it from the earth.

As the prophecy was given and fulfilled, those who had followed Yeshua ADONAI to the Mount of Olives in Jerusalem at the moment He was to ascend into Heaven, and thus Sit at the Right Hand of the Power of God (The Father-ABBA YAHWEH), were told to go and wait in Jerusalem until He would send them the Ruach HaKodesh (Holy Spirit) and they would be filled with Power (Acts 1:4-5, 12-17, Acts 2: 1-21). This fulfillment was to bring about what God had intended from the very beginning for His Human Creation, and that was to instill every man with the Life-Giving Force of Elohim Himself and have absolute communion between Elohim and His Highest Order of Creation forever. It was to secure that mankind had Eternal Life and a constant presence in the Presence of God forever.

The "Absolute" of YAHWEH cannot be written down on paper and cataloged into a complete volume, such as the Bible, and then labeled "The Word of God" as if there is no more understanding that can be given to the Truth from the Divine Source it came from, and requires Scholars (Seminary Graduates or Rabbi's) to interpret and expound on its content to the layman within the Body of Yeshua ADONAI.

The Mind of Elohim is not what has been written down, but rather what is being given through the Rauch HaKodesh to each individual who has been written in the Lambs Book of the Living (The Body of Yeshua) or His Church.

The Bible is not a Book of Formulas or Codes or Mystery's that cannot be understood, it is the only complete volume of Written Testimonies that works in conjunction with the Ruach HaKodesh, who reveals the Truth about Yeshua ADONAI down to mankind.

He (The **Word** of God) revealed Himself to all of mankind as the Only Begotten Son of God, showing the Gracefulness and Mercy of God, that while we were still sinners (dead in spirit and corruptible), He who was from God (Pure and Perfect) would become the Eternal Sacrifice to God

the Father and bring about the Propitiation of all sin and thus allow all people (every tribe and nation) to acquire and receive Salvation through Him by their heartfelt proclamation in believing that He, Yeshua ADONAI is Lord and God. Therefore, Faith would become the Supreme Act of motivating God to Move in our behalf and Glorify Himself. Faith alone in Yeshua HaMachiach.
