Does God Labour? (Ken Walston – Kenna Outreach Ministries)

From Ken, who is an Elder in the Church and by Faith proclaims this message to be one of truth and acknowledgement from the Spirit of ADONAI and is revealed as such for His Purpose. It must be recognized that only through a spirit of humility and heartfelt worship and servitude does God honour our request to serve Him. ADONAI has again given to His imperfect servant insight regarding the mystery of God. As it is being given, may it be received.

The concise answer to whether God Labours, is NO! He does not toil as we do in working to accomplish something. God does work, in the sense that He begins and finishes His Purpose, such as the Creation of all things in Heaven and this physical universe, but He does not do any physical labour when accomplishing what He is Commanding or Purposing as His Will. God is Spirit (Ruach) and He is Holy (Kadosh), thus He is Omnipotent (All Powerful without restrictions in using His Power) and Benevolent (Perfect in all manner of Being) and He is Omnipresent (Everywhere in the physical universe and in Heaven at the same time, there is no space that He does not occupy).

From the Original Hebrew Text (TANAKH) it says in Genesis 1:1 “**When God began to create Heaven and Earth**”, phrased almost as an afterthought, such as in the context of something being started and finished at the same time. He put forth a Command and out of nothing all things began to coalesce from spirit into substance and physical matter and energy then formed into whatever God Commanded and Desired it to become. So it was through His Word that He Created everything that was and is, nothing that was created was created without the Word of God and through the Son of God, who are One in the Same (ELOHIM).

Considering that Earth is the only physical place in which the Lord God Almighty (El Shaddai) has Commanded any Life to come forth in the entire physical universe. It shows that in God’s Singularity He has pointed to only two places where Life can and does exist, Heaven and Earth. He claims that Heaven is His Throne (where He Commands from) and that the Earth is His Footstool (where He has extended His only Life Sources; micro to macro). This way, the identity of the Earth in Genesis 1:1 becomes synonymous with all existing Life in the physical universe, and that there is no other.

At the same time when God had Commanded all things to come into existence, He set forth and established the laws which would control how the physical universe would interact with His Purpose and give discovery to man through his science. We call these the Laws of Physics and within these is the Physics of Constant Acceleration. When you consider a single point, smaller than a pin point, that all matter and energy exploded from into existence in the vast void of nothingness (Big Bang), where within a trillionth/trillionth of a second the acceleration turned into motion going outward with more velocity than the speed of light and 99% of all the matter that would make up the known universe was expelled in 3 seconds and with temperatures in the trillions of degrees, this is when Time actually began.

From the Original Hebrew Text (TANAKH) it says in Genesis 1:26-28, **And God Said, “Let us make man in our image, after our likeness. They shall rule the fish of the sea, the birds of**

the sky, the cattle, the whole earth, and all the creeping things that creep on earth.” And God created man in His image, in the image of God He created him; male and female He created them. God blessed them and God said to them, “Be fertile and increase* (setting in motion sexual reproduction), *fill the earth and master it; and rule the fish of the sea, the birds of the sky, and all the living things that creep on earth.” In conjunction with this, from the Original Hebrew Text (TANAKH) it says in Genesis 2:7, ***the Lord God formed man from the dust of the earth. He blew into his nostrils the breath of life, and man became a living being.*** By this we see that God did not toil in labour to make the man, but rather He created him from the substance that He had already created the earth from by way of a Command, thus in the same manner He created all things.

By creating man in His Own Image (Spirit Unseen) and then forming man into His Likeness from the dust of the earth, thus giving him physical form (Seen), then giving him life from the breath of His Spirit (Holy Spirit-Ruach HaKodesh), He had created man as His Highest Order of the physical and spiritual creation, and He had given man dominion over all the earth and all of the physical creation and spiritual dominance. Man was now representing God on Earth which represents the whole of the physical creation throughout the universe. That from His Footstool (Earth) God would have Command and Control of all the physical creation by means of His Highest Order of that physical creation (Man).

There is one other thing that can be added to this scenario and that is God desires our love and worship of Him. From the Original Hebrew Text (Brit HaChadashah) Yeshua Adonai states in the Book and Gospel of Matthew 22:37-38, ***“You shall love the Lord your God with all your heart, with all your soul, and with all your mind. This is the first and great commandment.”*** He was expounding on the First of the Ten Commandments given to Moses (*Moshe*) by God on Mount Sinai where the Lord God was making it quite clear to the nation of Isreal, and through them to all of the world, that He was the One True God and Sovereign Lord, and that He was the only one to be worshiped and no other. From the Original Hebrew Text (TANAKH) it says in Exodus 20:3-5, ***“You shall have no other gods besides Me. You shall not make for yourself a sculptured image, or any likeness of what is in the heavens above, or on the earth below, or in the waters under the earth. You shall not bow down to them or serve them. For I the Lord your God am an impassioned (Jealous) God...”***

Why all the fuss about worship and having no other reference point of worship for anything else? It undeniably without question or debate gives acknowledgement to His Sovereignty, Lordship and Holiness. That He is the Creator of all things and no one else. In the Abode of God, everything is constantly worshiping Him, calling out in the billions and billions of angelic beings with loud and thunderous voices, ***“Glory, Glory, Glory be unto the Lord God Almighty, Praise unto Him Who sits on the Throne. Glory and Honor and Praise and Worship to the One True God, Who Is and Who Was, Who Lives Forever.”*** This has been going on in Heaven since before time began, before the foundations of the earth and universe were formed, for eons. The very moment that these angelic hosts appeared out of nothing as fiery beings screaming into their existence praising God in the Highest, and it shall never cease.

Likewise, with His Highest Order of Creation on earth, that which was created from His Own Image and meant to stand in His Presence forever, that they shall have no less recourse than the angelic beings which stand before Him constantly, to also worship in the same manner, the One True God (*YAHWEH*), He who does not labour and has created All Things.
