What is the Language of Heaven? (Ken Walston – Kenna Outreach Ministries)

My Dearest Brethren, as I was at the Altar of my home this morning worshiping God and calling upon His Wisdom, the Spirit gave me a vision and a reminder of past encounters in which the Lord had given me specific answers to the questions I've had regarding the Things of Heaven. In this vision, the Lord gave me insight into the Language of Heaven and how God communicates All Things to us.

There is only One Method in which God communicates to us from His Abode, and that is through Faith.

This is not the kind of Faith in which we as human beings exercise, the kind we were taught or understand as we exist on the earth through what the Bible tells us; or by what the Church Leaders tells us, or by what we ourselves interpret the Written Word to mean. It is not a curriculum or agenda which has religious or theological meanings and interpretation.
It is not at all seminary institutionalized dogma. Faith is an Action!

Faith in Heaven is coming straight from the Throne of God, unabridged and full strength from The Holy and Righteous Source, which is The Word of God Himself. It is something that no man has ever experienced, since Adam fell from Grace, within himself. We, in human form, talk about faith as an escape from our sinful nature, which is caught up in doubt due to the sin that resides in each and every one of us. For us, faith is a departure from sin and makes us one with God in acquiring His Favour, His Mercy, His Righteous and Graceful Nature.

Our act of Faith in calling upon the Word of God to Save us allows God to Save us from eternal death and ushers in Eternal Life to remove and replace what death was inside of us. Our dead human spirit is then transformed into a renewed Living Spirit from God Himself (The Holy Spirit) and we receive a New Name which is written in the Lamb's Book of the Living and the judgement of sin and the outcome of its death is no longer against us. So, faith on earth is not the same Faith that resides and is existing in Heaven; it is but a small Image of what God uses to motivate His Power and Attributes to us.

Faith must be a heartfelt desire in order to motivate God's action; it cannot be a demand or calling upon for God to take action for us and give us what we want. This kind of motivation perpetrates doubt, which in turn promotes sin and disengages God from any motivation and may even bring God's judgement upon the request. As it is in Heaven, Faith is the language that speaks to His Heart and Motivates Him to act in our behalf under Righteousness through His Holiness.

So, language as it exists between humans on earth, is not the same language that exists in Heaven between God and His Created Beings. Language (the method of communication between man and man) is the form that was devised after man had fallen from God's Grace and was removed from His Abode on earth in Eden. In fact, man's language became so corrupt and divisive against God, that God had to separate man's method of communication between themselves by babbling it into many different tongues and human methods of language in order to keep man for being totally destroyed by God.

So, all the languages in this world are not so great because they are so unique and different, which gives men an opportunity to boast about their individual uniqueness and “Culture”, but is in fact the result of man being so bad and sinful against the Holy God. There is nothing good about our diversity or the differences between our human languages as a Human Race in the Eyes of God. In the Abode of God in Heaven, there is No Diversity, there are No Cultures, there is No Race or Colour uniqueness, because there is No Sin!

What we hear through our ears and react to now is not the same things we will hear with our ears and react to once we are in the Abode of Heaven. Right now, Faith is the highest act that anyone can perform in worship towards God, Faith without any doubt, Faith in Yeshua ADONAI (Jesus the Christ). It is the language between God and His Creation. In the same manner, Faith in the Abode of God, which will have no doubt inherently, is the only source of language by which God speaks to all of His Creation and they to Him.

There is no verbal communication as we know of it in our human existence on earth in Heaven. God speaks through His Method as Spirit and not flesh. There is no communication as we know it through verbal means, it is a One-on-One communication through Faith that relays all things to us as we stand in His Presence in His Abode of Eternity. Our thoughts and His reaction are one in the same, instantaneous with NO restrictions, everything is Holy. We are one with God in all manner of Spirit and Being. I really look forward to that! How about YOU?
